Wednesday 19th April

Dear parents and carers,

Important messages

Healthy Relationships- Parent workshop- Thursday 4th May - 3.30pm

At Talavera Junior, we are dedicated to protecting your child and ensuring that they are equipped with the knowledge that they need to be safe in modern Britain.

We want to communicate our plans for our Healthy Relationships curriculum with you. As such, you are invited to a parent workshop which will run at **3.30pm on Thursday 4th May**.

During this workshop, you will have the opportunity to explore the lessons that your child will undertake. You will then be given the chance to ask questions to your child's year leader and Senior Leaders. We will also offer you support in talking to your child about issues associated with this.

Please be aware that the majority of the lessons planned are **statutory**, meaning that your child cannot be removed from them. However, this will be discussed in more detail with you.

This is your chance to share your concerns with us before we deliver this planning in **Summer 2**.

We are looking forward to seeing you in this continued effort to support and safeguard your child.

Yours faithfully,

Naomi Heaton

PSHE & Year 5 lead
