New Park and Stride Facility at High Street Multi-storey Carpark

Dear Parents and carers

To Help with the current parking difficulties outside of school, we would like to remind you of the fantastic park and stride facility available to everyone who has a child at Talavera junior school.

After completing an application you will be provided with a parking disc which must be displayed in your car's front windscreen when you park within the listed permitted times and dates.

It is important to bear in mind the following points:

The permit will only allow you to park in the High Street multi storey car park during term time.

- Possession of a Parkwise sticker does not guarantee a space in the car park, as it is still open for the public to use on a pay and display basis.
- Parking is permitted between the hours of 8:30am - 9:15am and 3:00pm - 3:45pm free of charge. The Parkwise sticker must be clearly displayed during the specified times for checking purposes. Non display of the permit may incur a Penalty Charge Notice.
- This car park is used by paying members of the public, so please be considerate to other users and keep your stay to a minimum.
- The stickers will not be valid outside the stated times above. If you wish to park for longer than these times, please pay for a ticket as normal.
- **If the vehicle is parked outside of these times without displaying a valid pay and display ticket it will result in a penalty charge notice being issued.**
- The Parkwise sticker will not allow free parking to go shopping or carry out any other business apart from taking and collecting children from Talavera Junior School.
- Please help to minimise the traffic and congestion by car sharing and even walking your child whenever possible.

Yours sincerely

A handwritten signature in black ink that reads 'A. Webb'.
