Headteacher: Mrs A Webb

Date Tuesday 6th September

Dear parents and carers,

Important messages

Stone Age Day - Monday 12th September.

At Talavera, we recognise the importance of a broad and balanced curriculum and the role it has to play in promoting life-long learners. The aim of our history curriculum is to provide all children with high quality, inspiring and engaging history lessons which are enjoyable, challenging and accessible to all.

On Monday 12th September, year 3 will be participating in a Stone Age day. We are inviting all year 3 pupils to dress up as if they were from the Stone Age period. We will also be exploring the Bronze and Iron ages briefly during the day. An external agency (Portals to the Past) will be joining us to deliver a fun and exciting day filled with learning and curiosity.

Please can you ensure that your children do not bring in accessories with their costume such as a club. All items of clothing should have your children's names in them to avoid confusion.

If you have any questions, please do not hesitate to contact me.

Yours faithfully,
Mrs Wright
Year 3 Lead
