Booster groups beginning in Spring Term

Thank you for your continued support with your children's learning this half term. The children have worked incredibly hard and are making fantastic progress! As we are coming towards the end of a busy term, we have decided to cancel booster sessions for next week for the children's well-being. Apologies in advance if this causes any inconvenience.

On Friday 20th December, there will be new booster registers on Arbor so please do check this to see if your child/ren has been added. These could be different from this term so please check carefully. You will need to agree to registering your child so that we can mark these children present when completing registers. We do want to accommodate as many children as possible, as we have done this term, so we apologise in advance if we cannot accommodate everyone.

Have a lovely Christmas break when it arrives and we look forward to welcoming the children back in the New Year.

Yours faithfully,

The year 6 team
