"The internet is integral to our lives."
Do you agree or disagree?

Stimulus:

Question: "The internet is integral to our lives." Do you agree or disagree?

Let's chat...

Who in your family uses the internet?

Which devices do you use to access the internet?

Which devices do you use with your family?

How long do you spend online each day?

What do you use the internet for?

Can you think of any benefits we might not have considered a year ago?

Topic w

What is the difference between the web and the internet?

How many of the following icons can you name?

What is the purpose of each of these applications (apps)?
How many of these apps do you use? Do you use any others?

We are going to watch the following video:

- Which of the scenarios do you think is the most dangerous - giving away information or being groomed?
- Which of the scenarios do you think is most common?
- Which of the scenarios would you find hardest to deal with?

Do you agree with age restrictions? Explain why.

TASK 1- We've talked about lots of apps today.
Pick one and write its name in your book.

Now, write how you think the following people would feel about it:

- CHILD OF YOUR AGE
- PARENT
- TEACHER

a **tbh**

TASK 2:

On your table is a range of cards of videos, photos and information people commonly post online.

You must sort them into think you would keep 'private' on your social media or 'public'. Think carefully and if you are not sure, place it in the middle.

First name	Surname		
Movie I watched last week	My Birthday		

How do you share photos and videos with others?

TASK 3:

Now you have been given some examples of ways you could share photos and videos.

Now move the cards into more specifically where you would share them.

Listen carefully though as the terms and conditions might change.

Close up photo of you playing sport in the local park

Video of forest wildlife

Video of you dressed up to go to a party at the entrance to your road
